Zoological Museum.

Possibility to look at the collections from 10.00 on. Please, send an e-mail if this is suitable for your purposes.

In case you prefer tourist attractions, I strongly suggest the following, all close to Zoological museum

Suomenlinna. One of the largest fortresses in the world, built on several islands to protect Eastern Finnish gulf. A whole day excursion is best. There are restaurants and the ferry runs continuously from the main market place (see map).

Tempeliaukio church. Built in bedrock. Close to Zoological Museum (see map)

Ateneum. The traditional art museum, now a special Alvar Aalto exhibition..

## General information

During the meet, Jyrki Muona can be reached by phone (+358408317817) or e-mail ([jyrki.muona@helsinki.fi](mailto:jyrki.muona@helsinki.fi)).

The official address of the Zoological Museum is Pohjoinen Rautatiekatu 13, BUT in practice one might think it is on Arkadiankatu. The large elk in bronze in front of the museum and the giraffes on the balcony may suggest to where it is.

The Kamppi shopping center (see map) has numerous small restaurants – nothing fancy – and an excellent grocery store. The Railway station has many shops with long opening hours. If you want to buy alcoholic beverages, you need to go to an ALKO. The closest one to the museum is opposite the KIASMA modern art museum. Beer and cider is available at grocery stores.

From the airport, you can choose a train, bus or taxi. I recommend the train, but the bus is ok as well. Both drop you off in the center (see map).

<https://www.finavia.fi/en/helsinki-airport/to-and-from/train-buses-and-taxis/>

The public transportation system is extensive with buses, trams and metro.

Other language versions can be seen by choosing from the top of the web page.

Museum loans. All loans are handled by our electronic loan system. Jaakko Mattila can send whatever you wish after the meet and that is the best way to do it.

If you absolutely need to take something with you, it may work out... 😊
